ART'S TREE SERVICE

Land Clearing Estimate Checklist

A property-planning worksheet for Sarasota and Manatee County

Fill this out on screen or print it. Bring it to your on-site estimate.
Approximate details are fine. Confirm uncertain boundaries before work begins.

Property address / city / ZIP code

Approximate property size and area to clear (include units, if known)

Clearing boundaries: where should work start and stop?

Trees and other features to preserve

Access limitations: gate width, fences, structures, soft ground or utilities

Intended use: what do you want to do with the space afterward?

Discuss during the estimate

- [ ] Stumps: which ones, proposed treatment, and what is included
- [ ] Debris: chipping, haul-away, disposal, or material left by agreement
- [ ] Any minimum job charge, equipment needs, and access restrictions
- [ ] Required approvals, tree protection, and final condition of the area

Not sure where to start? Walk the property with Art's.
